CONSTRUCTION ARRANGEMENTS

A full time Engineer will be based on site for the duration of the project.

The Contractor will be required to ensure the safety of the public, cause the minimum of inconvenience to road users and maintain access to all properties during construction.

Construction nuisance will be kept to a minimum. Normal working hours will be 07.00 – 19.00 Monday to Friday and 08.00 – 16.30 on Saturday. In exceptional circumstances work may be permitted outside these hours, if approved by the Engineer.
