

Traffic issues in Sandyford Business District

Blackthorn Road has been opened up to two-way traffic from the 28th November last.

This was part of the proposals outlined in the Sandyford Urban Framework Plan to improve internal traffic circulation and to provide better facilities for pedestrians and cyclist movements.

Work has been undertaken on the traffic light sequence to aid traffic flows entering and exiting the Business Park.

The Bus Gate restrictions on Carmanhall Road have been removed and motorists from this area can now exit directly onto Blackthorn Drive (via the Beacon Retail Area and Dunnes Stores) where they can turn right towards Stillorgan Luas and exit if they are Dundrum/Goatstown bound via Benildus Ave.

Motorists travelling from Burton Hall Road can turn left onto Blackthorn Road and exit the Business Park via the Beacon Hospital and then turn right onto Benildus Ave.
